REPLY/AMENDMENT A

Sir:

This Reply/Amendment A is submitted in response to the Office action dated March 4, 2004. The applicant respectfully requests reconsideration of the above-referenced patent application in view of the following remarks.

## REMARKS

Claims 1-17 are now pending in the above-referenced patent application.

**1. Provisional Rejections for Obviousness-Type Double Patenting**

Claims 1-17 have been provisionally rejected under the judicially created doctrine of obviousness-type double patenting as allegedly being unpatentable over claims 7-30 of co-pending U.S. Patent Application No. 09/992,789. See paragraph 3 at page 2 of the Office action.

The applicant is filing a Terminal Disclaimer with respect to U.S. Patent Application Serial No. 09/992,789, to obviate this basis for rejection. This filing is being made to advance the prosecution of this case, without prejudice, and without admitting to or otherwise acquiescing to the aforementioned remarks set forth in the Office action.
